LinkedIn: [linkedin.com/in/bhat-umer-farooq/](https://www.linkedin.com/in/bhat-umer-farooq/)

Summary

Full-stack developer with around 3 years of experience in MVC.NET, WebApi, Angular, SQL Server and SSIS. Seeking to leverage technical expertise in software development, database optimization, and regulatory compliance to contribute to dynamic projects.

Skills

Languages & Technologies

- C#, Angular (6 and above), DotNet Framework, WebApi, Typescript, ASP.NET MVC, Entity Framework, Python, JQuery, Angular

Frameworks & Libraries

- .NET Framework, DotNet Framework, MVC, LINQ, EntityFramework, Nodejs, Angular

Database & SQL

- SQL Server, MySQL, Stored Procedures, SSIS

Tools & Platforms

- Visual Studio, Visual Studio Code, IIS, Oath, Jenkins, GIT, TFS, SonarQube, PostMan

Software Development

- Object-Oriented Programming (OOP), Design Patterns, Exception Handling, Collections, Multithreading, Data Structures and Algorithms

Work Experience

Software Engineer

Société Générale Global Solutions Centre Pvt. Ltd. – Bangalore, Karnataka

June 2022 – Present

- **Designed and Developed** a regulatory reporting application (FATCOM) using C#, .NET, MVC and SQL Server, automating the reporting process for financial institutions.
- **Engineered Database Optimization:** Designed and optimized SQL Server databases, improving query performance and ensuring data integrity for compliance purposes.
- **Boosted Application Performance:** Improved system performance through the implementation of efficient business logic and architectural enhancements.
- **Led Proof of Concept (POC)** for integrating FATCOM with SQL Database, showcasing system capabilities to key stakeholders.
- **Windows Services Development:** Created Windows services to automate background data processing tasks, increasing application efficiency.
- **Ensured Regulatory Compliance:** Engineered application components to meet global regulatory standards, offering clients a robust, compliant reporting platform.

Software Analyst

Imarticus Learning Private Limited – Bangalore, Karnataka

Feb 2022 – June 2022

- **Implemented MVC.NET Framework** to establish a scalable, maintainable structure for web applications, ensuring modular code organization.
 - **Developed User Interfaces:** Designed responsive and user-friendly UIs using Angular, leading to a good improvement in user interaction and overall satisfaction.
 - **Database Integration & Optimization:** Worked with the database team to optimize SQL Server data retrieval, reducing response time.
 - **Backend Development:** Implemented backend business logic using MVC.NET, WPF and C#, ensuring secure and efficient data processing.
 - **Application Security:** Integrated security protocols in backend systems to protect sensitive user data, complying with industry standards.
-

Projects

Project #1: FATCOM (Regulatory Reporting Application)

Duration: June 2022 – Present

Environment: Web API (.NET Framework), SQL Server, ASP.NET MVC, Angular, IIS

Role: Software Engineer

- Spearheaded the development of FATCOM, a regulatory reporting tool, automating and streamlining the compliance process for financial institutions.
- Achieved a good reduction in report generation times by optimizing data processing pipelines and database queries.

Project #2: MIFID II Regulatory Reporting Application

Duration: Feb 2022 – June 2022

Environment: Web API, MVC, SQL, SSIS, Angular, IIS

Role: Software Analyst

- Led the design and development of a platform to support MIFID II regulatory reporting, ensuring full compliance with European financial regulations.
 - Enhanced UI responsiveness and data visualization capabilities, resulting in a more intuitive and accessible user experience.
-

Education

- **B. E. (CSE)** – Visvesvaraya Technological University, Bangalore – 2021 (60%)
 - **Diploma in CSE** – KGP College, Jammu & Kashmir – 2018 (74.2%)
-

Certifications

- **Angular Development Basics**
 - **Data Analytics** – WorldQuant University (Ongoing)
-

Key Accomplishments

- Spot Awards for Commitment and Resilience.
- Spot Awards for Timely Delivery of Excellent Results.
